Languages: Python, C

Databases: MySQL

Developer Tools: GitHub, IntelliJ Idea

Other skills: DSA

Projects

Worked in a team where we have created an AI-POWERED education chatbot which comes under software category with theme of smart education.

It includes designing intelligent conversational agent (chatbot) that interact with students in human like manner.

We’ll used different technologies(NLP,APIs, AIML) to develop a user-friendly interface(UI) i.e. chat windows for web, mobile, or desktop applications .

- Achievements and certification
